Acing the GI Board Exam: The Ultimate Crunch-Time Resource

Brennan Spiegel MD, MSHS

Traditional textbooks usually feature long and detailed discussions that are not directly relevant to board and re-certification exams. On the flip side, many board review manuals provide lists and bullet points lacking sufficient background and context. Acing the GI Board Exam by Dr. Brennan Spiegel aims to fill the unmet need in board review by presenting time-tested and high-yield information in a rational, useful, and contextually appropriate format.

Why You Will Need to Read Acing the GI Board Exam:

- Carefully vetted board-style vignettes with color images
- Comprehensive yet succinct answers using a high-yield format
- Emphasis on key clinical pearls and “board buzzwords”
- Answers to classic board “threshold values” questions that you need to know but always seem to forget (e.g., how high must gastrin rise for a secretin stimulation test to be positive?)
- Rapid fire crunch time exam with 170 classic one-liners such as:

  Alopecia + dystrophic nails + colon polyps = Diagnosis

Chapters Include:

- A compilation of general lessons learned from past test-takers
- “Tough Stuff” board review vignettes
- Board review “Clinical Threshold Values”
- “Crunch-Time” Self Test – time to get your game on!
